## SAMPLES

An open general licence has been issued which permits the free export of all *bona-fide* samples of prohibited goods to all destinations with which trade is now permitted. Samples exported under this licence may be used only for genuine sample purposes, *ie*, for obtaining orders from foreign buyers, and may not be sold except with the written consent of the Import and Export Licensing Section, but such consent may be dispensed with

when it is desired to sell the articles in the country of destination after they have fulfilled their purpose as samples. Exporters will be required to satisfy the Customs Authorities that the goods presented for export, under this licence are *bond-fide* samples, and to make a declaration to that effect on the relative shipping documents.

This notice only applies to samples of goods which required licences for export to the particular destination concerned.

In addition, the consent of the Import and Export Licensing section is not required for the sale of samples which, though within this scheme at the actual time they were exported, could be exported outside the scheme at the actual time of the proposed sale.

#### OPEN GENERAL LICENCE FOR COAL EXPORTS

An open General Licence has been issued, with effect from Thursday, 1st January 1920, permitting the export of coal, coke and manufactured fuel to all destinations abroad except Russia, Germany, Hungary, Austria, Turkey and Bulgaria, subject always to the approval, previously obtained, of the Controller of Coal Mines or his duly authorised representative, and subject to shipment being made in a vessel approved by the Commissioners of Customs and Excise or their officers.

The Customs Authorities will require pre-entry to be made in all cases, and at ports where there is a duly authorised local representative of the Controller of Coal Mines (*see* list below), the approval referred to above will be signified by his endorsement on the pre-entry form, which must be presented to him for the purpose before shipment.

Where shipment is proposed to be made from a port not included in the list given below, it will be necessary for application for the Controller's approval to be made to the Export Branch of the Coal Mines Department in London. Shipments from all ports in the United Kingdom to the destinations excluded from the purview of the general licence must still be covered by an export licence from the Coal Mines Department.

The following are the ports shipments from which will be covered by the local representative's endorsement on pre-entry —

No 1920 A, dated Simla, the 1st April 1920

RESOLUTION—By the Government of India, Public Works Department (Establishments)

In paragraph 5 of Annexure XVIII to their report the Public Services Commission suggested that it might be desirable to consider the question of transforming the upper subordinate establishment of the Public Works Department into a service organized on the model of the existing provincial civil services and of the similarly organized services proposed by them for the Education and Forest Departments. They also recommended that steps should be taken to raise the qualifications of the proposed new service. These recommendations received the strong support of the Public Works Department Reorganization Committee, who suggested that an inferior engineering service should be constituted to provide the bulk of the subdivisional officers. After consulting local Governments and Administrations proposals were formulated to which the sanction of His Majesty's Secretary of State has now been received. The change will be introduced with effect from 1st February 1920. The following are the main features of the scheme —

I. There will be constituted a provincial service of engineers to comprise the bulk of the officers of the Public Works Department required for the charge of subdivisions. The Public Works Department will in future be organized in the following three services—

- (i) The Indian Service of Engineers
- (ii) The Provincial Engineering service
- (iii) The Subordinate Engineering service

Recruits for the new Provincial service will be mainly drawn from the Engineering classes of the Indian Engineering Colleges, while appointments will be guaranteed to a certain number of students who fail to obtain appointments in the Indian Service of Engineers. During the first five years after the formation of the Provincial service local Governments will be authorised to promote to them selected members of their upper subordinate establishment but in making their selection local Governments are requested to bear in mind that the Provincial service is to be a new service of engineers and not a reorganized service of subordinates. Selected temporary engineers may also be appointed to the new service, while any officers of the superior service who may have failed to show their fitness for divisional rank, but who are held to be efficient subdivisional officers may be offered appointments in this service. If they refuse such appointments their services should be dispensed with.

II. In order to provide for those members of the permanent upper subordinate establishment, who are not qualified and cannot be selected for appointment to the new Provincial service, and for those students who are in the upper subordinate classes at the Engineering Institutions on the date of formation of the new service the upper subordinate establishment will be maintained for the present but no further recruitment of upper subordinates will be made after the students in the colleges on the 1st February 1920 have been absorbed to the numbers guaranteed. The upper subordinate establishment will thus gradually be reduced until it ceases to exist. Classes for upper subordinates at the Engineering Institutions will be discontinued when the students now in these classes have completed their course of instruction.

III The maximum pay of the Provincial service in all provinces except Burma will be Rs 750 per mensem. In the case of Madras, Bombay and Bengal the initial and intermediate rates of pay will be as may be prescribed by those Governments. In the case of the United Provinces, the Punjab, Bihar and Orissa, the Central Provinces, Assam, Rajputana and Central India, the pay of the service will be fixed on a continuous time scale of Rs 250—20—750, with an efficiency bar at Rs 550. The pay of the Burma Engineering service has, owing to the high cost of living in that province, been fixed at Rs 300—20—800 with an efficiency bar at Rs 600.

IV The Provincial service in each province will be designated the Madras Engineering Service, Central Provinces Engineering Service, and so forth. The members of these services will be described as Assistant Engineers.

V The members of the Provincial service will be eligible for advancement to the Indian Service of Engineers, and 20 per cent of the number of superior posts open to the India recruited branch of the Engineer establishment will be allotted in each province to the Provincial Engineering service. Officers thus promoted will be brought into the superior service on the rate of pay next above that which they were drawing in the Provincial service and will count for seniority accordingly. No restrictions are laid down regarding the age at which an officer in the Provincial service may be promoted to the Indian Service of Engineers. This matter will be left to the discretion of Provincial Governments, who will, however, probably find that the interests of the public service are best consulted by selection of officers at an early period in their service. Members of the new subordinate service will not be eligible for promotion to the Provincial service, but they will be entitled to an allowance of Rs 75 when placed in charge of a subdivision.

VI Local Governments and Administrations will be addressed separately in regard to the strength of the Provincial service in each province, the initial salary to be drawn by officers selected for this service and other cognate matters. But in order that the appointment of deserving members of the permanent upper subordinate establishment to the new service may not be delayed, local Governments are authorised to make such appointments forthwith on the following conditions:—

- (a) The number of officers appointed to the Provincial service should not exceed 20 per cent of the number of regular subdivisions in the province.
- (b) The maximum initial pay of an officer appointed to the Provincial Engineering service should not exceed that which he would draw had he been in the upper subordinate branch in the Provincial Engineering service.
- (c) The minimum initial pay of an officer appointed to the Provincial Engineering service should not be less than what he is drawing as an upper subordinate at the time of his selection. If, owing to the operation of condition (b), an officer appointed to the Provincial service is entitled to a rate of pay less than he is drawing at the time of his selection, the difference should be paid to him as a personal allowance.
- (d) Seniority on appointment to the Provincial service should be governed by the selected officers' pay, and officers granted the same pay should retain their present relative seniority.
- (e) All appointments to the Provincial service made prior to the 1st September 1920 will have effect as from the 1st February 1920.
- (f) All appointments made in virtue of the present special permission should be regarded as subject to revision and reconsideration should this prove necessary, when all conditions governing the new service can be brought fully into operation.

VII Commissioners, Deputy Commissioners, Assistant Commissioners, Warrant and Non-commissioned Officers of the Public Works Department and, with the concurrence of the Director General of Military Works of the Military Works Services, may be appointed to the Provincial Engineering service on the same terms and conditions as Civilians subject in the case of

Warrant and Non-commissioned officers to the further condition that they take their discharge from the Army

## URGENT ORDERS

The Import and Export Licensing Section, Board of Trade, announces that, in collaboration with the Department of Overseas Trade, an arrangement has been made whereby firms receiving orders which require immediate acceptance may telegraph details of any such order to the Department of Overseas Trade in order to ascertain whether a licence will be granted for the export of the goods if the order is accepted.

In the event of an applicant being promised a licence he will be enabled to deal with the order straightaway with the knowledge that upon application being made in the proper form to the Import and Export Licensing Section (Board of Trade) the licence will be granted.

The telegrams should be addressed to 'Orders, c/o Advantage, Stock London'. They should give in each case in addition to the name and postal or telegraphic address of the applicant the quantity and description of the goods comprised in the order and the name and address of the ultimate consignee if the goods are destined for a neutral country. In the case of orders from Allied or British Territory or from Territory in the occupation of troops of the Associated Governments the consignee need not be stated, and it will be sufficient merely to give the country of destination. A reply of 24 words (1-3) must be prepaid.

Applicants are requested in their own interest to confine their enquiries to orders needing a very urgent decision, since the fewer the enquiries the more promptly can answers be given.

Any subsequent correspondence that is necessary in connection with the telegraphic enquiries should be addressed to the Controller-General, Department of Overseas Trade (Export Facilities Section) 35 Old Queen Street, Westminster, S. W. 1.

## AT THE COURT AT BUCKINGHAM PALACE

**The 9th day of February, 1920.**

PRESENT,

## THE KING'S MOST EXCELLENT MAJESTY

Lord President

Earl Curzon of Kedleston

Lord Colebrook

Sir Frederick Ponsonby

WHEREAS by reason of conditions arising out of the war difficulties have been experienced by the citizens of the United States of America in complying with the requirements of the Copyright Act, 1911, as to first publication within the parts of His Majesty's Dominions to which the Act extends of their works first published in the United States of America during the war

AND WHEREAS His Majesty is advised that the Government of the United States of America has undertaken, upon issue of this Order, to extend the protection afforded by the United States Law of December 18, 1919, entitled 'An Act to amend Sections 8 and 21 of the Copyright Act approved March 1, 1909,' to British subjects

AND WHEREAS by reason of the said undertaking of the Government of the United States of America His Majesty is satisfied that the said Government has made, or has undertaken to make, such provision as it is expedient to require for the protection of works first made or published between the 1st August, 1914, and the termination of the war in the parts of His Majesty's Dominions to which this Order applies, and entitled to copyright under Part I of the Copyright Act, 1911

AND WHEREAS by the Copyright Act, 1911, authority is conferred upon His Majesty to extend, by Order in Council, the protection of the said Act to certain classes of foreign works within any part of His Majesty's Dominions, other than self-governing Dominions, to which the said Act extends

AND WHEREAS by reason of these premises it is desirable to provide protection within the said Dominions for literary or artistic works first published in the United States of America between August 1, 1914, and the termination of the war which have failed to accomplish the formalities prescribed by the Copyright Act, 1911 by reason of conditions arising out of the war

NOW, THEREFORE, His Majesty, by and with the advice of His Privy Council, and by virtue of the authority conferred upon him by the Copyright Act, 1911, is pleased to order, and it is hereby ordered, as follows —

1 The Copyright Act, 1911, shall, subject to the provisions of the said Act and of this Order, apply to works first published in the United States of America between the 1st August, 1914, and the termination of the war, which have not been republished prior to the commencement of this Order in the parts of His Majesty's Dominions to which this Order applies, in like manner as if they had been first published within the parts of His Majesty's Dominions to which the said Act extends

Provided that the enjoyment by any work of the rights conferred by the Copyright Act, 1911, shall be conditional upon publication of the work in the Dominions to which this Order relates not later than six months after the termination of the war, and shall commence from and after such publication, which shall not be colourable only, but shall be intended to satisfy the reasonable requirements of the public

2 The provisions of Section 15 of the Copyright Act, 1911, as to the delivery of books to libraries, shall apply to works to which this Order relates upon their publication in the United Kingdom

3 In the case of musical works to which this Order relates and provided that no contrivances by means of which the work may be mechanically performed have before the commencement of this Order been lawfully made or placed on sale, within the parts of His Majesty's Dominions to which this Order applies copyright in the work shall include all rights conferred by the said Act with respect to the making of records, perforated rolls and other contrivances by means of which the work may be mechanically performed

4 This Order shall apply to all His Majesty's Dominions, Colonies and Possessions with the exception of those hereinafter named, that is to say —

The Dominion of Canada,  
The Commonwealth of Australia,  
The Dominion of New Zealand,  
The Union of South Africa,  
Newfoundland

5 Nothing in this Order shall be construed as depriving any work of any rights which have been lawfully acquired under the provisions of the Copyright Act 1911, or any Order in Council thereunder

6 This Order shall take effect as from the 2nd day of February, 1920, which day is in this Order referred to as the commencement of this Order

READ—

The Report of the Indian Cotton Committee, 1919

In paragraph 4 of the Resolution by the Government of India in the Department of Revenue and Agriculture, No 674-191, dated the 2nd August 1919, it was stated that in dealing with the recommendations contained in the Report of the Indian Cotton Committee the Government of India would accord special priority to the examination of the suggestion made in paragraph 223 of the Report regarding the question of licensing ginning and pressing factories. A copy of the letter which the Government of India addressed to Local Governments and Administrations on this subject, and

also with regard to certain other recommendations made by the Indian Cotton Committee in Chapter XVI of their Report, is published for general information

Letter No 1718-D, dated Delhi, the 28th February 1920

From—The HON'BLE MR A H LEX, CIE, ICS Secretary to the Government of India Department of Commerce and industry.

To—All Local Governments and Administrations

With reference to the Resolution in the Department of Revenue and Agriculture, No 674-191, dated the 2nd August 1919, I am now directed to address you on the subject of the recommendations contained in paragraphs 205, 212 213, 223—229, and 231 of the Report of the Indian Cotton Committee (Chapter XVI)

2 In paragraph 205 of the Report the Committee suggest that cotton markets on the Berar system should be established in other provinces as soon as possible more especially in the cotton tracts of the Bombay Presidency (except Sind), the Madras Presidency (with the exception of the Coconada tract) and the Punjab Canal Colonies. In the opinion of the Government of India this recommendation is clearly sound, and they hope that the Local Governments and Administrations concerned will give it their careful attention and take necessary steps to give effect to the Committee's proposal, with the aid, where necessary, of local legislation

3 The Committee recommend in paragraph 212 of their Report the universal use of a cotton maund of 28 lbs., but it appears from paragraph 213 of the report that they do not consider any separate legislation to be necessary for the purpose. Apparently all that they intend is that standard weights should be prescribed by Local Governments as one of the conditions of the licensing of gins and presses and further that in local legislation for the establishment of cotton markets on the Berar system power should be taken to prescribe standard weights for use in those markets. The Government of India think that these proposals are on sound lines and should receive the careful consideration of Local Governments and Administrations

4 Paragraphs 223 to 229 of the Report deal with the important question of the licensing of gins and presses, and, after giving the matter their most careful consideration the Government of India are of opinion that the conclusions arrived at by the Committee in this respect are entirely sound. They accordingly propose, subject to certain minor modifications indicated below and to any observations which the Local Governments and Administrations may have to make, to accept and to put into force the Committee's proposals

5 The Government of India agree with the Indian Cotton Committee that if effect is to be given to these proposals, it will be necessary to undertake special Imperial legislation for the purpose. They also agree with the suggestion made in paragraph 227 of the Report that all gins and presses should be brought within the provisions of the Indian Factories Act, 1911 (XII of 1911) irrespective of the number of work-people they employ. It must be realised however that this action will undoubtedly throw a considerably in-

creased burden of work on the local factory inspection staff and <sup>the Government of</sup> ~~the Administration of~~ <sup>you</sup>

will, no doubt, separately consider what increase, if any, in the number of factory inspectors will be necessary for this purpose in the . . .

6 The recommendations made by the Indian Cotton Committee in regard to the conditions on which licenses should be granted to gins and presses—*vide* paragraph 225 of the Report—appear to the Government of India to be generally suitable with the possible exception of condition (*m*) *viz* that owners of ginning and pressing factories should undertake to work for at least eight weeks in the year, unless prevented by causes beyond their control. The necessity for this condition the Government of India consider to be open to doubt. If however, the Local Governments and Administrations see no objection to this condition the Government of India will be prepared to accept it. The proposed condition (*l*) regarding lighting seems to be unobjectionable, but if all gins and presses are brought within the scope of the Factories Act no special legislation would be required to cover this point inasmuch as section 11 (1) of the Act already requires that *every* factory shall be sufficiently lighted

7 In paragraph 229 of the Report the Committee recommend that action in regard to breaches of the conditions laid down in the license should

only be taken on a complaint to the Central Cotton Committee or to the Provincial Committee. The Central Cotton Committee, the formation of which is advocated in Chapter XIX of the Report, and in connection with which Local Governments and Administrations have been addressed in the Department of Revenue and Agriculture circular No 1239, dated the 27th November 1919, would, after suitable enquiry, recommend to the Local Government concerned the withdrawal of the license or the issue of a warning as it thought fit. This procedure, though somewhat cumbersome, would in the opinion of the Government of India work satisfactorily so far as the withdrawal of licenses is concerned, but as full meetings of the Central Cotton Committee will probably be held only once or twice in a year warnings might well be issued on the recommendations of the Provincial or Local Committees.

8 The Government of India doubt whether it would be advisable that the conditions on which licenses should be granted or withdrawn should be entered in the specific provisions of any legislation that may be undertaken as the conditions might vary from time to time or in different parts of the country. It must be recognised however that a law which gave Local Governments unrestricted power to grant withhold or withdraw licenses might reasonably be open to objection. For these reasons the Government of India are of opinion that the best course would be to enact that licenses may be granted, withheld or cancelled by the licensing authority in accordance with conditions to be laid down by the Local Government, after consultation with an advisory body on which commercial interests should be represented, and that, when the conditions laid down by the Local Government are not in consonance with the recommendations of such advisory body an appeal shall be allowed to the Governor General in Council. This advisory body would in practice no doubt be the Central Committee recommended in Chapter XIX of the Report.

9 The Government of India are further of opinion that there should be no penalties laid down in the law except the penalty of withdrawal of license for breach of the conditions and a penalty for working a gin or press without a license. Gins and presses would, of course be liable for breaches of the Indian Factories Act.

10 [In the opinion of the Government of India the proposed law should apply to the whole of British India but they are not certain that the conditions in Burma necessitate the action suggested and would be glad to have the views of the Local Government on the point.]

In the opinion of the Government of India the proposed law should apply to the whole of British India. It will not, of course, apply to Indian States but it is most desirable that they should follow suit and the Government of India intend to invite them to do so as soon as a definite decision has been arrived at as regards the action to be taken in British India.

11 In paragraph 231 of the Report the Committee recommend the offer of concessions in regard to the grant of Government land in the case of surplus factories forming a pool. This is a matter mainly for the consideration of the Local Governments and Administrations, but the Government of India agree with the Committee that where members of a pool in any district keep one or more factories closed without adequate justification no night shift working should be permitted.

12 In conclusion, I am to request that the Government of India may be favoured at any early date with <sup>the views of</sup> the Government of the Administration of <sup>your views</sup> on the proposals described above after consultation with such commercial bodies or individuals <sup>the Local Government</sup> as the Administration <sup>you</sup> may consider necessary.

#### ORDERS—

Ordered that the Resolution be published in the Supplement to the *Gazette of India* for general information.

Ordered also that a copy be forwarded to all Local Governments and Administrations, to the Department of Revenue and Agriculture and to the Director-General of Commercial Intelligence for information.

### MUNICIPAL AND LOCAL.

#### NOTIFICATIONS

*No 1249M—The 17th April 1920*—In pursuance of section 37F of the Bengal Municipal Act 1884 (Bengal Act III of 1884) it is hereby notified for general information that the scheme submitted by the Commissioners of the Budge-Budge Municipality in the district of the 24-Parganas for providing flood flush drainage of that municipality has been approved by the Governor in Council and that the particulars of the said scheme are as follows —

(a) The town of Budge-Budge is situated on the left bank of the river Hooghly and lies within its tidal reach. During the runs the tide rises as high as 20.00 and falls to as low as 6.00 and the ordinary tide is about 17.50. The average ground level of the town ranges between 17.00 and 21.00 and there is a protective embankment with sluices along the bank of the river. The roads are mostly embanked and high except in a few places the road-side drains are deep and wide. There are innumerable insanitary tanks and ditches within the town. A surface drainage scheme was prepared by the Sanitary Engineer Bengal. In this scheme the silt-laden water introduced through sluices when the river is in flood circulates through the low places in the town and drains out the water when the river is low. Provision has been made for the construction of the necessary regulators and sluices and for improving the bed of the existing drains, making them pucca where necessary.

(b) The estimated cost of the scheme is Rs 28,070 excluding the cost of acquiring lands on the side of the drains amounting to Rs 1,178.

(c) The estimated cost of the maintenance is Rs 250 per annum.

(d) The sum of Rs 29,248 on account of the cost of the scheme will be met as follows —

2 A description of the scheme is given as follows —

#### DESCRIPTION OF THE SCHEME

The scheme provides for the acquisition of all land contained within the blue verge on the plan of the scheme and for the re-laying out of the land within the said area. The proposed plotting of the land is shown on the said plan, but the Board are willing to alter the lay-out from time to time in order to meet the wishes of the land-owners concerned. If any land in one ownership forms a suitable plot with an adequate frontage on a road an application for exemption from acquisition under section 78 of the Act will be admitted. No buildings will be demolished except on land actually acquired for roads and open spaces, or on land which it is necessary to amalgamate with other land in order to comply with the lay-out. The only buildings constructed will be shelters and *malis'* houses in the proposed open spaces

The streets will be laid out as shewn in the said plan. The principal road will be 100 feet wide. One north and south road 84-foot wide will be constructed within the limits of the scheme and will form a portion of the Lansdowne Road extension. The streets will be properly graded, consolidated with metal over an adequate foundation and provided with brick metal footpaths and stone kerbing and guttering.

A main sewer will be laid under the main 100-foot road. It will be connected with the Ballygunge Pumping Station by the Corporation of Calcutta. All subsidiary roads will be provided with sewers draining into the aforesaid main sewer.

Filtered and unfiltered water mains will be laid in all streets and will be connected with the existing water-supply system of the Corporation.

The roads will be lighted with gas, the lamps and lamp-posts being supplied by the Trust, while the mains will be laid by the Oriental Gas Company.

Public latrines and urinals will be placed at sites approved by the Corporation.

Provision is made for the planting of trees in the open spaces and along the wider roads.

All tanks and undrained depressions will be filled in.

## REVENUE DEPARTMENT.

## APPORTIONMENT ORDER

**No 59T R—The 27th April 1920**—Under section 114 of the Bengal Tenancy Act (Act VIII of 1885), the Governor in Council has determined that in police stations Raipur, Simlupal, Khatia, Indpore Raniband, Chatna, in the district of Bankura, where the preparation of a record-of-rights has been undertaken under notification No 1043T R, dated the 12th September 1917, the landlords' and tenants' share of cost for the survey and the preparation of record-of-rights, including the estimated cost of maintenance of boundary marks for a period of fifteen years shall be apportioned and recovered as specified below—

(1) A rate of 14 annas per acre shall be levied on all cultivated lands and a rate of 5 annas per acre on all lands classed as jungle and waste.

Common lands such as roads, streams, burning ghats shall be excluded from assessment.

(2) Of the 14 annas rate raiyats and all persons holding non-agricultural tenancies shall pay 5 annas and thus landlords of all grades together pay 9 annas per acre.

(3) The whole of the 5 annas rate for lands classed as jungle and waste shall be borne by the landlords.

(4) Landlords shall pay the raiyats share for lands in their khat possession and raiyats shall pay the full raiyati rate for lands covered by their holdings.

(5) As between the different grades of landlords the landlords share shall be apportioned thus—

(a) Permanent tenureholders whose rent or rate of rent is fixed in perpetuity shall pay their own share of cost and that of landlords superior to them.

(b) Other permanent tenureholders and temporary tenure holders whose lease has over 15 years to run shall pay three-fourths of the landlords share and their landlords shall pay the remaining one-fourth.

(c) Temporary tenureholders whose lease has 15 years to run shall pay fifteenth-sixteenths of the share they would pay in accordance with (b) above if they were permanent tenureholders and so on proportionately according to the number of years of the lease to run.

(d) Temporary tenureholders who do not hold on a lease or for a fixed term shall pay half of the landlord's share.

**Explanation**—The calculation shall be made from the lowest grade of landlords immediately above the raiyats. The period for which the lease of the tenure or the under-tenure is to run is to be reckoned in each case from the close of the agricultural year in which the record is finally published.

(6) Rent-free holders whether of the degree of the raiyat or landlord shall pay the whole of landlord's share for their lands.

7 (a) All under-raiyats with right of occupancy shall pay at the rate of 2 annas and 6 pies per acre for the land in their possession.

(b) Under-raiyats with no right of occupancy shall be exempted from assessment.

8 (a) The minimum charge for any tenancy or part of a tenancy recorded in one village shall be 4 annas.

(b) The calculations shall be made—

(1) to the nearest acre, and

(2) to the nearest anna.

No 736 — The following Order of His Majesty the King in Council regulating the practice in appeals to His Majesty in Council is published for general information —

**At the Court at Buckingham Palace the 9th day of February 1920**

*Present*

#### THE KING'S MOST EXCELLENT MAJESTY IN COUNCIL

Whereas by an Act passed in the 4th year of the reign of His Majesty King William IV, entitled 'an Act for the better Administration of Justice in His Majesty's Privy Council' it is amongst other things, enacted that it shall be lawful for His Majesty in Council from time to time to make any such Rules and Orders as may be thought fit for regulating the mode, form and time of appeal to be made from the decisions of any Courts of Judicature in India (from the decisions of which an appeal lies to His Majesty in Council), and in like manner from time to time to make such other Regulations for the preventing delays in the making or hearing such appeals and as to the expenses attending the said appeals and as to the amount or value of property in respect of which any such appeal may be made

And whereas Her Majesty Queen Victoria did by Her Order in Council of the 10th day of April 1838, approve certain rules and orders for regulating the mode form and time of appeal from the decisions of the said Courts and also certain Regulations from the preventing delays in the making or hearing

such appeals and as to the expenses attending such appeals and as to the amount or value of property in respect of which any such appeal may be made

And whereas the King Most Excellent Majesty in Council hath deemed it expedient to rescind all the said rules, orders and regulations and to substitute others in lieu thereof

His Majesty is, therefore, pleased, by and with the advice of His Privy Council to rescind all the said rules, orders and regulations in the said Order in Council of the 10th day of April 1838 contained, and to approve of the several rules, orders and regulations contained in the schedule hereto, and to order as it is hereby ordered, that the same be respectively observed by all Courts of Judicature in India and by all persons whom it shall or may concern

Whereof the Governor-General of India in Council, and all other persons whom it may concern are to take notice and govern themselves accordingly

ALMERIC FITZROY

*The schedule above referred to*

1 Applications to the Court for leave to appeal to His Majesty in Council shall be made within 30 days of the decree or order to be appealed from subject to the provisions of sections 4, 5 and 12 of the Indian Limitation Act, 1908

2 The preparation of the record shall be subject to the supervision of the Court, and the parties may submit any disputed question arising in connection therewith to the decision of the Court and the Court shall give such directions thereon as the justice of the case may require

3 The Registrar as well as the parties and their legal agents, shall endeavour to exclude from the record all documents (more particularly such as are merely formal) that are not relevant to the subject-matter of the appeal and generally, to reduce the bulk of the record as far as practicable, taking special care to avoid the duplication of documents and the unnecessary repetition of headings and other merely formal parts of documents but the documents omitted to be copied or printed shall be enumerated in a manuscript list to be transmitted with the record

4 Where in the course of the preparation of a record one party objects to the inclusion of a document on the ground that it is unnecessary or irrelevant and the other party nevertheless insists upon its being included, and the Court allows the document to be included, the record as printed (whether in India or in England), shall, with a view to the subsequent adjustment of the costs of and incidental to such document, indicate in the index of papers, or otherwise, the fact that, and the party by whom, the inclusion of the document was objected to

5 Where the record is printed in India the Registrar shall, at the expense of the appellant, transmit to the Registrar of the Privy Council 40 copies of such record, one of which copies he shall certify to be correct by signing his name on or initialling every eighth page thereof and by affixing thereto the seal, if any, of the Court

6 When the Record is to be printed in England, the Registrar shall, at the expense of the appellant, transmit to the Registrar of the Privy Council one certified copy of such record, together with an index of all the papers and exhibits in the case No other certified copies of the Record shall be transmitted to the Agents in England by or on behalf of the parties to the Appeal

7 Where there are two or more Appeals arising out of the same matter, and the Court is of opinion that it would be for the convenience of the Lords of the Judicial Committee and all parties concerned that the Appeals should be consolidated the Court may direct the Appeals to be consolidated

8 An appellant who has obtained a certificate for the admission of an appeal may at any time prior to the making of an order admitting the appeal withdraw the appeal on such terms as to costs and otherwise as the Court may direct

9 Where an appellant, having obtained a certificate for the admission of an appeal fails to furnish the security or make the deposit required (or apply with due diligence to the Court for an order admitting the appeal), the Court may, on its own motion or on an application in that behalf made by the Respondent, cancel the certificate for the admission of the appeal, and

may give such directions as to the costs of appeal and the security entered into by the appellant as the Court shall think fit, or make such further or other order in the premises as, in the opinion of the Court, the justice of the case requires

10 An appellant whose appeal has been admitted shall prosecute his appeal in accordance with the rules for the time being regulating the general practice and procedure in appeals to His Majesty in Council

11 Whereas an appellant whose appeal has been admitted, desires, prior to the dispatch of the record to England, to withdraw his appeal, the Court may, upon an application in that behalf made by the appellant, grant him a certificate to the effect that the appeal has been withdrawn and the appeal shall thereupon be deemed, as from the date of such certificate, to stand dismissed without express order of His Majesty in Council and the costs of the appeal and the security entered into by the appellant shall be dealt with in such manner as the Court may think fit to direct

12 Where an appellant whose appeal has been admitted fails to show due diligence in taking all necessary steps in connection with the preparation of the record, the Court may, either on its own motion or on the application of the respondent, call upon the appellant to show cause why a certificate should not be issued that the appeal has not been effectually prosecuted by the appellant, and if the Court sees fit to issue such a certificate, the appeal shall be deemed as from the date of such certificate to stand dismissed for non-prosecution without express order of His Majesty in Council, and the costs of the appeal and the security entered into by the appellant shall be dealt with in such manner as the Court may think fit to direct

13 Where at any time between the admission of an appeal and the dispatch of the Record to England the Record becomes defective by reason of the death or change of status of a party to the Appeal the Court may notwithstanding the admission of the appeal on an application in that behalf made by any person interested, grant a certificate showing who, in the opinion of the Court, is the proper person to be substituted or entered, on the record in place of, or in addition to, the party who has died, or undergone a change of status, and the name of such person shall thereupon be deemed to be so substituted or entered on the record as aforesaid without express order of His Majesty in Council. If in the opinion of the Court, there has been undue delay in making this application the Court may order the appellant, or the party interested, to take all necessary steps to perfect the Record within such time as the Court may direct and if he fails to comply with such order, the Court may call upon him to show cause why a certificate should not be issued that the appeal has not been effectually prosecuted, and if the Court sees fit to issue such a certificate, the appeal shall be deemed, as from the date of such certificate to stand dismissed for non-prosecution without express order of His Majesty in Council and the costs of the Appeal and the security entered into by the Appellant shall be dealt with in such manner as the Court may think fit to direct

14 Where the Record subsequently to its dispatch to England becomes defective by reason of the death or change of status, of a party to the appeal the Court may, upon an application in that behalf made by any person interested, cause a certificate to be transmitted to the Registrar of the Privy Council showing who, in the opinion of the Court is the proper person to be substituted or entered, on the Record in place of, or in addition to the party who has died, or undergone a change of status. If, in the opinion of the Court, there has been undue delay in making this application the Court may order the Appellant, or the party interested, to take all necessary steps to perfect the Record within such time as the Court may direct, and if he fails to comply with such order, the Court shall report the matter to the Registrar of the Privy Council

15 These rules shall come into operation on the 1st day of January 1921, or on such other date as the Governor-General of India in Council may determine

**APPENDIX III**

**REGULATIONS AS TO THE PHYSICAL EXAMINATION OF CANDIDATES FOR APPOINTMENT TO THE PUBLIC WORKS DEPARTMENT OF THE GOVERNMENT OF INDIA**

*Note*—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers to be physically disqualified for the public service, and that his discretion is in no respect limited by these Regulations.

It is not the practice to communicate to candidates who may be reported as physically unfit for service in India the reasons for the Medical Board's opinion.

*General Physical Requirements*

1 A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with efficient performance of duty.

2 In the examination of candidates the Medical Board will apply the following table of correlation of age, height, and chest girth —

| Age            | Height without shoes | CHEST               |                    |
|----------------|----------------------|---------------------|--------------------|
|                |                      | Girth when expanded | Range of expansion |
|                | Inches               | Inches              | Inches             |
| 21 and upwards | 62½ and under 65     | 35                  | 2                  |
|                | 65 " 68              | 35½                 | 2                  |
|                | 68 " 70              | 36                  | 2                  |
|                | 70 " 72              | 36½                 | 2½                 |
|                | 72 and upwards       | 37                  | 2½                 |

3 *Measurement of Height*—The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity and with the heels, calves, buttocks, and shoulders touching the standard. The chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. In the Indian Police Force a minimum height of 5 feet 4 inches is required, but in other Departments no fixed limit of height is imposed.

4 *Measurement of Chest*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. This maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

5 The hearing must be good

6 The speech without impediment

7 The teeth in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication

8 The chest must be well formed, the lungs and heart sound

9 Rupture hydrocele varicocele, varicose veins in severe degree or other condition likely to cause inefficiency will disqualify a candidate unless such condition is cured by operation

10 The limbs, feet and toes must be well formed and developed, with free and perfect motion of all the joints

11 A candidate must have no congenital malformation or defect likely to interfere with efficiency

12 A candidate must not be the subject of chronic skin disease

13 Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify

14 The Regulations as to the standard of vision required are shown separately for each department. In all cases of 'colour blindness' a note of the same will be made on the candidate's papers

Candidates may, if they wish it, undergo a preliminary examination by the Medical Board which meets at the India Office every Tuesday, under the following conditions—

(a) Applications must be addressed to the Under-Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas, and a statement as to the particular appointment which the candidate desires to obtain

(b) Candidates must pay their travelling expenses

(c) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion but may, *at their own risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board, prior to the examination or to their appointment

(d) On the other hand it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information and that, if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final Medical Examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the Service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons

#### REGULATIONS AS TO THE STANDARD OF VISION

1 If myopia in one or both eyes exists, a candidate may be passed provided the ametropia does not exceed 3.5 D and if with correcting glasses not exceeding 3.5 D, the acuteness of vision in one eye equals  $\frac{1}{5}$  and in the other  $\frac{1}{6}$ , there being normal range of accommodation with the glasses

2 Myopic astigmatism does not disqualify a candidate provided the lens, or the combined spherical and cylindrical lenses, required to correct the error of refraction, does not exceed 3.5 D, the acuteness of vision in

one eye, when corrected, being equal to  $\frac{1}{2}$ , and in the other  $\frac{1}{2}$ , together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina

3 A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals  $\frac{1}{2}$ , and in the other eye equals  $\frac{1}{2}$ , with + 4 D glasses, or any lower power

4 Hypermetropic astigmatism does not disqualify, provided the lens or combined lenses required to cover the error of refraction do not exceed 4 D and that the sight of one eye equals  $\frac{1}{2}$ , and the other  $\frac{1}{2}$ , with or without such lens or lenses

5 A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than  $\frac{1}{2}$ . In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in these rules may exclude a candidate

6 Squint or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. Any imperfection of the colour sense is a disqualification for appointment to the engineering branch of the Railway Department. In other cases the existence of imperfection of colour sense will be noted on the candidate's papers

APPENDIX V (*See para 18 of the Regulations*)

NOTE.—This Appendix is merely intended to show the principal leave and pension rules in the Civil Service Regulations at present applicable to Engineers appointed to the Indian Service of Engineers from the United Kingdom without going into minute details and does not profess to deal with every case that may arise. The rules are subject to alteration, and any disputed question must be decided with reference to the authorised text of the Civil Service Regulations for the time being.

## LEAVE

1 The following is a summary of the principal regulations relating to the leave admissible to Engineers appointed to the Indian Service of Engineers by the Secretary of State from the United Kingdom —

*Long Leave*

2 Furlough with allowances (*see* paragraph 5) is admissible to an aggregate maximum amount of six years during an officer's service.

3 The amount of furlough "earned" is one-fourth of an officer's active service, and the amount "due" is that amount less any enjoyed.

4 Except as provided in rule 7 furlough without medical certificate is limited to the amount "due" and may not exceed two years at a time. On medical certificate furlough may be extended to three years.

5 The allowances admissible during furlough are—

- (1) During any period of furlough not exceeding two years half average salary, subject to certain maximum and (in the case of furlough with medical certificate) minimum limits.
- (2) After the expiration of the first two years of any period of furlough one quarter of average salary, subject to certain maximum and minimum limits.

6 Furlough on half average salary (*see* paragraph 5) may be commuted into leave on higher pay subject to the following conditions —

- (1) The leave on higher pay, or "commuted furlough," is fixed at one-half of the furlough commuted.
- (2) The amount of furlough which may be commuted during an officer's total service is limited to two years.
- (3) The commuted furlough will carry an allowance at the rate of average salary, subject to a maximum of 2,400*l.* a year.
- (4) Subject to special consideration in exceptional circumstances, an officer must have six months furlough at his credit at the end of the "commuted furlough" or any leave granted to him in continuation of it.
- (5) In any one period of leave not more than eight months may be spent on "commuted furlough" or on "commuted furlough" combined with privilege leave.
- (6) For the purpose of the rules governing the extent to which leave taken out of India may be allowed to count as service for pension, time spent out of India on "commuted furlough" will be reckoned according to its actual duration, and not according to the duration of the furlough in exchange for which it is granted.

7 In respect of urgent private affairs an officer may be granted furlough in excess of the amount "due" for a period not exceeding six months at one time or 12 months in the whole of his service

#### *Short Leave*

8 Privilege leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without interruption, and it may be accumulated up to four months. It may be combined with leave of other kinds

9 Joining time for a short period, usually with half average salary, is granted to an officer returning from leave out of India to enable him to rejoin his appointment

10 Short leave is also granted to enable officers to appear at examinations, &c

11 Extraordinary leave without allowances may be granted in case of necessity and, subject to exception in special cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave

#### *General*

12 Leave of absence whether on furlough or on privilege leave cannot be claimed as of right, and is given or refused at the discretion of Government

#### PENSIONS

13 The following is a summary of the pension rules applicable to Engineers appointed to the Indian Service of Engineers by the Secretary of State from the United Kingdom —

#### *Ordinary Pensions*

14 Subject to the absolute right of the Government of India to decline to permit any officer to retire before reaching the age for superannuation, should it be necessary in the public interest to retain his services officers will be allowed to retire optionally after 20 or more years service

15 Retirement is ordinarily required at the age of 55 years, but for special reasons an officer is sometimes retained after attaining that age

16 An officer becomes eligible for full retiring pension on completing 30 years' qualifying service

17 If before completing this period of service an officer is permitted to retire voluntarily after completion of 20 or more years qualifying service (para 14), or is compelled to retire on attaining the age of 55 (para 15) or through ill-health not occasioned by irregular or intemperate habits, he will be eligible for a reduced pension or, if invalided with less than 10 years qualifying service, for a gratuity

18 The amount of pension or gratuity is regulated as follows --

(a) After a service of less than 10 years — A gratuity not exceeding one month's emoluments for each completed year of service

(b) After a service of not less than 10 years — A pension not exceeding the following amounts —

| Years of Completed Service | Maximum Limit of Pension | Years of Completed Service | Maximum Limit of Pension |

|                            | Rs                       |                            | Rs                       |
| 10                         | 1,000 a year             | 19                         | 3,000 a year             |
| 11                         | 1,400 "                  | 20                         | 4,000 "                  |
| 12                         | 1,800 "                  | 25                         | 5,000 "                  |
| 13                         | 2,200 "                  | 26                         | 5,200 "                  |
| 14                         | 2,600 "                  | 27                         | 5,400 "                  |
| 15                         | 3,000 "                  | 28                         | 5,600 "                  |

| 17                         | 3,000 "                  | 30                         | 6,000 "                  |
| 18                         | 3,000 "                  |                            |                          |

19 Government may retire any officer after he has completed 25 years' service without giving reasons, and without any claim for compensation in addition to pension, and in that event the pension admissible to him will ordinarily be regulated on a scale not exceeding that laid down above. Government also reserves the general power to reduce the pension ordinarily admissible in all cases where an officer's service has been unsatisfactory.

#### *Additional Pensions*

20 The Government of India have classified certain high appointments into two grades the lower comprising those posts which involve high but intermediate responsibility, the higher consisting of those which require a marked degree of independent administrative and professional capacity. Officers who have held appointments listed in the lower grade will be entitled to an additional pension at the rate of Rs 300 per year for each completed year of effective service in any appointment included in that grade provided that no officer may draw an additional pension in excess of Rs 1,000 in respect of service classed in the lower grade. Officers who have held appointments listed in the upper grade will be entitled to an additional pension at the rate of Rs 500 for each completed year of effective service rendered in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs 2,500 in respect of service rendered in the lower and upper grades combined or in the upper grade alone.

21 These additional pensions will be awarded only to officers who have given proof of special energy and efficiency, and will be subject to the condition that an officer must not retire voluntarily before the age of 55 with less than 28 years' service.

The upper grade includes the Secretary to the Government of India, Public Works Department, the Inspector-General of Irrigation, and Chief Engineers of the Indian Service of Engineers.

The lower grade includes Superintending Engineers Indian Service of Engineers and Deputy Secretary to the Government of India, Public Works Department.

#### **PROVIDENT FUND**

22 A General Provident Fund, to which contribution is compulsory, has also been established on the following basis —

- (1) The contribution is compulsory up to 6½ per cent on salaries with voluntary contributions of not more than a further 9½ per cent. Subscriptions on leave of any kind are optional.
- (2) Compound interest on such payments is annually credited by Government to each officer subscribing.
- (3) The sum which thus accumulates to the credit of an officer is his absolute property, subject to the rules of the Fund, and is handed over to him, unconditionally, on quitting the service, or in the event of his death before retirement, to his legal representatives or such other person or persons as, under and subject to the rules of the Fund for the time being in force, may be entitled thereto.

### NOTIFICATIONS

#### ESTABLISHMENT

*Simla, the 22nd April 1920*

No 812—Mr J D V Hodge, of the Indian Civil Service, is appointed to be Additional Under-Secretary to the Government of India in the Home Department, with effect from the 17th April 1920

#### POLICE

*The 23rd April 1920*

No 719—The following regulations relating to appointments to the Indian (Imperial) Police Service in 1920 are published for general information

2. The Secretary of State for India in Council proposes not to hold any competitive examination during the year 1920, for admission into the Indian (Imperial) Police Service, but to make a number of appointments of probationers by nomination as described below from among gentlemen who have rendered military service during the war

3 *Number of appointments.*—Appointments will be made in the United Kingdom by the Secretary of State for India in Council and in India by the Government of India from among candidates who at the time of application were resident in India or adjacent countries including Mesopotamia. The precise number of appointments to be made in the United Kingdom and in India will be announced hereafter.

4 *Method of application for appointments made in the United Kingdom.*—For the appointments to be made in the United Kingdom a qualifying examination will be held for admission to which applications must be made to the Civil Service Commissioners, London on the prescribed form, accompanied by a fee of 5s. The application form must reach the Civil Service Commissioners not later than the 29th May 1920.

5 *Method of application for appointments made in India.\**—Applications must be made on the annexed form (copies of which can be obtained on application to the nearest staff office) to the Adjutant General in India, Simla. Such applications will be accepted up to the 15th June 1920 from candidates in India and up to the 30th June 1920 from candidates overseas. Candidates will in due course receive from the Adjutant General in India, any further information or instructions that may be necessary.

[*Warning.*—Any attempt on the part of a candidate to enlist support for his applications through officers of Government or other influential persons will disqualify him for appointment. The Selection Committee will disregard spontaneous recommendations from persons who are not personally acquainted with the candidate's work, whether at school, at the university, in the Forces or otherwise.]

#### 6 *Conditions of eligibility.*—

(a) Every candidate must have been born on or after 2nd June 1894 and on or before 1st August 1900.

(b) Every candidate must be a British subject and at the time of his birth his father must also have been a British subject.

(c) Every candidate must have served in His Majesty's Naval, Military, or Air Forces during the war.

(d) Every candidate must be of good character in civil and military life.

(e) Candidates for the appointments made in India by the Government of India must satisfy the latter, or the Selection Committee appointed by them on that behalf, that they have received whole-time, continuous and systematic education up to the age of 18, or until the date of entering His Majesty's Forces, whichever is the earlier, and must undergo a qualifying examination† in English, Arithmetic and General knowledge. English will include essay writing, précis writing and other tests. General knowledge will include matters historical, economic, social, political, geographical and scientific.

7 Those candidates who satisfy all the conditions referred to above and are considered suitable will be summoned to an interview before a Selection Committee who will prepare a list of candidates suitable for appointment, subject to medical examination, and submit their recommendations for the orders of the Government of India.

NOTE.—A candidate who applied for appointment in 1919 but was not selected is not debarred from applying again for one of the appointments to be made in 1920.

8 *Medical Examination.*—Candidates who are recommended for appointment will be required to undergo an examination as to their physique and capacity for active out-door work in the plains of India.

\* Rules applicable to the case of Indian candidates were published in a Press Communique on the 21st November 1919.

† The qualifying examination will begin on the 29th July 1920 at centres to be notified hereafter.

9. *Riding*—Selected candidates will be required either to give satisfactory proof of their ability to ride or to undergo such riding tests as may be hereafter prescribed

10 *Allotment to Provinces*—Selected candidates will be allotted as probationers to the various provinces in India upon a consideration of all the circumstances including their own wishes, but the requirements of the public service will rank before every other consideration. The allotments will also be subject to the right of the Government of India to make transfers, if necessary

11 (a) *Uniform*—It is an ordinary condition of appointment that a successful candidate shall provide himself, or be provided by his parents or guardians, with his uniform or the cost thereof. Government makes a contributory grant of £30 towards the cost of uniform

(b) *Horse and Saddlery*—A successful candidate must, when required to do so by Government, provide himself with a suitable horse and saddlery at his own expense. Local Governments in India are authorised to make to a newly-appointed officer a grant of a sum not exceeding Rs 600 towards the cost of such horse and saddlery

12 *Joining the Police Service*—Subject to what is stated in the next paragraph as regards the taking of leave before joining civil appointment, probationers will be required to join their appointments, if possible, within a short time of their final selection. Failure to do this will, in the absence of satisfactory explanation, lead to forfeiture of appointment

13 *Leave before joining civil appointment*—Each selected candidate will be granted leave at the rate of one month for each year of military service subsequent to his last departure from England, subject to a maximum of four months. He will receive, while on leave, the full pay of his new civil appointment. Every selected candidate who has earned the full period of leave admissible will be required to take it immediately after his release from military service and before joining his civil appointment. A selected candidate who has earned less than the maximum of four months will have the option of either taking the amount earned forthwith, or of joining his civil appointment with that amount to his credit and taking it later combined with civil leave earned in the meanwhile. In such a case combined leave on full pay will be limited to four months

As the restriction of this concession to military service subsequent to a candidate's last departure from England might operate harshly in some cases, the Secretary of State has authorised the Government of India to relax this condition where it is considered necessary

Any officer taking leave under these arrangements will receive a free passage from England to India on the expiry of his leave. In the event of his being discharged from the police service within three years of the date of his appointment on any ground other than that of ill-health, he will be liable to refund to the Government the cost of any free passages granted him under these leave rules

14 *Rates of pay, and pay during probation*—The rates of pay are set out in Appendix I

In the case of candidates selected under these Regulations, the following modification of the normal scale has been approved. Those whose ages

on the 1st August preceding their reporting themselves for duty were as stated below receive pay in the time scale as follows, viz —

It should be understood that the probation to be undergone by selected candidates will be of a real character

6. Furlough on half average salary (see para 5) may be commuted into leave on higher pay subject to the following conditions—

- (1) The leave on higher pay, or "commuted furlough," is fixed at one-half of the furlough commuted.

- (2) The amount of furlough which may be commuted during an officer's total service is limited to two years
- (3) The commuted furlough will carry an allowance at the rate of average salary, subject to a maximum of 2,400/ a year
- (4) Subject to special consideration in exceptional circumstances, an officer must have six months' furlough at his credit at the end of the "commuted furlough," or any leave granted to him in continuation of it
- (5) In any one period of leave not more than eight months may be spent on "commuted furlough" or on "commuted furlough" combined with privilege leave
- (6) For the purpose of the rules governing the extent to which leave taken out of India may be allowed to count as service for pension, time spent out of India on "commuted furlough" will be reckoned according to its actual duration and not according to the duration of the furlough in exchange for which it is granted

7 In respect of urgent private affairs, an officer may be granted furlough in excess of the amount "due" for a period not exceeding six months at one time or 12 months in the whole of his service

#### *Short Leave*

8 Privilege Leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without interruption, and it may be accumulated up to four months

Subject to certain conditions Privilege Leave may be combined with furlough or extraordinary leave without pay

9 Joining time for a short period, usually with half average salary is granted to an officer returning from leave out of India to enable him to rejoin his appointment

10 Short Leave is also granted to enable officers to appear at examinations, etc

11 Extraordinary Leave without allowances may be granted in case of necessity, and, except in certain specified cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave

#### *General*

12 Leave of absence, whether on furlough or on privilege leave, can never be claimed as of right, and is given or refused at the discretion of Government

#### PENSIONS

1. The following is a summary of the pension rules applicable to officers of the Indian (Imperial) Police Service

2 Subject to the absolute right of the Government of India to decline to permit any officer to retire before reaching the age for superannuation, should it be necessary in the public interest to retain his services, officers will be allowed to retire optionally after 25 or more years' service

3 Retirement is ordinarily required at the age of 55 years, but for special reasons an officer is sometimes retained after attaining that age

4 An officer becomes eligible for full retiring pension on completing 30 years' qualifying service

5 If before completing this period of service an officer is permitted to retire voluntarily after completion of 25 or more years' qualifying service (para 2), or is compelled to retire on attaining the age of 55 (para 3), or through ill-health not occasioned by irregular or intemperate habits, he will be eligible for a reduced pension or, if invalided with less than 10 years' qualifying service, for a gratuity

6 The amount of pension or gratuity is regulated as follows —

(a) After a service of less than 10 years — A gratuity not exceeding one month's emoluments for each completed year of service

(b) After a service of not less than 10 years — A pension not exceeding the following amounts —

| Year of completed service | Sixtieths of average emoluments | Maximum limit of pension |
|---------------------------|---------------------------------|--------------------------|

PUBLIC  
RESOLUTION

*The 21st April 1920*

The attention of the Government of India has been drawn to a rule laid down by the Colonial Office that an officer who has retired from the Colonial Service may not accept a directorate of a company the principal part of whose business is directly concerned with the Colony or Protectorate in which he has served, or employment in the Colony or Protectorate under such a company, without obtaining the previous approval of the Governor; and they have had under consideration the question whether it is necessary to lay down some similar rule for retired officers of the Indian services

2 After consultation with Local Governments and careful consideration of their views, the Government of India have come to the conclusion that, while it is not necessary at the present time to lay down a definite rule, it is desirable that retired Government servants, especially Gazetted officers, before accepting directorships, partnerships or agencies of, or employment by any company or firm or individual engaged in commercial business or associated with the management of land in India, should either obtain the consent of the Government of India, or if the company is managed in London, the consent of the Secretary of State. The Government of India believe that this procedure will conduce alike to the interests of the officers concerned and to those of the services generally, and are prepared to leave it to the good sense and loyalty of their officers to observe the procedure now suggested

*Order*—Ordered that a copy of this Resolution be forwarded to Local Governments and Administrations and to all Departments of the Government of India for information, and that it be published in the *Gazette of India* for general information

8 Candidates will not be entitled to any travelling allowance for journeys to appear before local Governments, or Political Officers or Agents, or for journeys to and from the local centres referred to in paragraph 6, but those summoned to appear at Dehra Dun for the physical test, medical examination and interview will be reimbursed, by the President, Forest Research Institute and College, Dehra Dun, before the candidates leave Dehra Dun to return to their homes the cost of a second class ticket [by rail or (and) by sea] to and from Dehra Dun from the nearest railway stations or ports to their homes. Candidates must make their own arrangements for board and lodging at Dehra Dun but the President, Forest Research Institute and College, will endeavour to assist those who communicate with him on this subject.

9 Those finally selected as a result of the examinations, tests and interview prescribed in paragraphs 6 and 7 will be appointed as probationers for the Indian Forest Service, they will be required to leave for England early in September and subject to their undergoing satisfactorily, as described below, a course in Forestry and allied subjects in England, will be appointed finally as Assistant Conservators of Forests. Candidates selected for training will be provided with first class passages to England.

10 *Period of probation*—Before appointment to the Imperial Forest Service a probationer will be required—

- (1) to have undergone and qualified in to an extent to be prescribed by His Majesty's Secretary of State for India, the course of Forestry at such University as the Secretary of State may prescribe,
- (2) to have undergone a special course of instruction in Forestry under the direction and supervision of the Director of Indian Forest Studies
- (3) to have passed an examination in forest engineering and if required in certain other special subjects, namely Systematic Botany of Indian trees Indian Geology Forest Law and Indian Working Plans
- (4) to have undergone a final competitive examination in Forestry
- (5) to have satisfied the Secretary of State, in such manner as may be determined of his ability to ride

The period of probation is, in ordinary cases, two years. The Director of Indian Forest Studies instructs probationers in each case as to the order and manner in which they should fulfil these various requirements.

11 *Charges*—Probationers will be required to defray all expenses of lodging board tuition and excursions to forest centres in the United Kingdom while at the University and on practical instruction.

12 *Allowances*—The Secretary of State for India in Council makes payment to each probationer at the rate of £200\* per annum not exceeding a total of £400. These payments are ordinarily made on the following dates in each year—

|                 |        |
|-----------------|--------|
| On 1st December | £ 60 . |
| On 1st March    | £ 60   |
| On 1st June     | £ 80   |

The cases of probationers whose probation does not extend over the full period of two years will be specially considered.

For tours made on the Continent under the instructions of the Director of Forest Studies, subsistence and travelling allowance will be paid by the Secretary of State for India in Council at such rates as he may from time to time fix. The fees of the local forest officials at the centres visited will also be paid by the Secretary of State.

\* This allowance is unlikely to be sufficient to meet all the needs of a probationer, who should be in a position to provide himself with at least another £ 150 per annum from other sources.

The grant of allowances is subject to the following conditions —

- (a) that the progress of the probationer in his studies is satisfactory
- (b) that the probationer gives security\* to refund the payments in the event of his failing to qualify for an appointment in the Indian Forest Service or not signing the articles of agreement as specified in paragraph 15 or failing to join the Indian Forest Service at the end of the period of probation

13 *Conduct*—Every probationer is required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct he is liable to have his name removed from the list of probationers

14 *Appointment and seniority*—Probationers who comply with the requirements of paragraph 10 within the sanctioned period of time, and also satisfy such other tests as may be prescribed are appointed Assistant Conservators in the Indian Forest Department provided they are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service. No probationer will be confirmed as a member of the Imperial Forest Service who fails to profit by the course of training, or who appears, in the light of the experience acquired as to his capacity and qualifications during the probationary period to be unsuited for the work of a forest officer

The position of the Assistant Conservators in the Provincial Forest Lists is determined by the Secretary of State for India in Council on the report of the Director of Indian Forest Studies. It is possible that officers promoted from the Provincial to the Imperial Service will take rank according to their pay in the latter service. In this case probationers recruited under these regulations must be prepared to find their names placed below those of officers promoted from the Provincial Service

Probationers are allowed at the end of the period of probation to state their preference in respect to the province to which they desire to be allotted but the distribution is made to the several provinces according to the needs of the public service, at the discretion of the Secretary of State for India in Council and no guarantee can be given that probationers will, on appointment be posted to their own provinces. Indians will not however be required to serve in Burma and Burmans will not be required to serve in India

Officers are at all times liable to be transferred from one province to another at the pleasure of the Government of India

15 *Articles of Agreement*—A probationer is required on qualifying for appointment as Assistant Conservator, to sign articles of agreement setting forth the terms and conditions of his appointment. He must embark for India when required to do so by the Secretary of State. Failure to embark at the stated time will in the absence of satisfactory explanation lead to forfeiture of appointment

16 *Passage to India*—Each probationer on appointment to the Indian Forest Service is provided with a free first class passage to India

17 *Salary*—The scale of pay and allowances in force for officers of Indian domicile is given in Appendix II to these regulations

18 *Promotion, Leave and Pension*—Promotion, leave and pension are governed by the regulations laid down by the Government of India, and applicable to forest officers such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service will be found in Appendix II and a summary of information regarding leave and pensions is contained in Appendix III

\* Probationers will be required to give security to the local Government or Political Officer through whom they submitted their applications. If this condition is not satisfied they will not be permitted to leave for England

## APPENDICES.

No 33—The following Resolution, issued by the Government of India, in the Public Works Department, is republished for information —

No 264E A, dated Simla, the 6th May 1920

## RESOLUTION—By the Government of India, Public Works Dept

Since the issue of the Government of India, Public Works Department Resolution No 558-E A, dated the 22nd October 1919, promulgating revised scales of pay for engineers of the Public Works Department, His Majesty's Secretary of State for India has sanctioned the amalgamation of the Imperial service and of the Provincial service as constituted prior to the 1st February 1920 into one service designated "The Indian Service of Engineers". He has also had under consideration the question of effecting the necessary differentiation in the remuneration of Europe-recruited and India-recruited officers, respectively, by the grant to the former of special allowances in addition to the Indian or normal rate of pay. He has decided that European engineers recruited for the Public Works Department should receive an overseas allowance in common with European officers of other departments on the ground of expatriation, and that all Europe-recruited engineers, whether European or Indian, should receive a technical allowance on the ground of the superior professional qualifications at present obtainable in the United Kingdom. This decision has necessitated a revision and re-arrangement of the scale detailed in paragraph 1 of the Government of India Resolution of the 22nd October 1919. The Governor General in Council is pleased to announce that the Secretary of State has sanctioned the following time scale of pay, with effect from the 1st January 1920 —

2 The technical allowance is admissible to all Europe-recruited engineers, whether Europeans or Indians. It will reckon as pay for all purposes of the Civil Service Regulations.

3 The overseas allowance (which will also reckon as pay for all purposes of the Civil Service Regulations) will be admissible only to officers of non-Indian domicile, except that Indians recruited in England under the 10 per cent rule up to and including the year 1924, will receive this allowance. The question of the abolition of the arrangement under which 10 per cent of the appointments made in England are allotted to Indians will be considered later.

4 An engineer, who is now in receipt of a higher rate of pay than that to which he may be entitled under the scale now introduced, may be allowed to continue to draw the excess amount as pay until it has been absorbed by annual increments.

5 The rates of pay of Superintending and Chief Engineers sanctioned in the Resolution of the 22nd October 1919 remain unchanged. These officers will not draw either the overseas allowance or the technical allowance.

6 The terms and conditions stated in paragraphs 2 to 6 of the Resolution of the 22nd October 1919 will continue to be applicable.

ORDERED that this Resolution be forwarded to the local Governments, Administrations and officers noted below for information, and that it be published in the *Gazette of India* for general information.

## SAMPLES

An Open General Licence has been issued which permits the free export of all *bond fide* samples of prohibited goods to all destinations with which trade is now permitted. Samples exported under this licence may be used only for genuine sample purposes, i.e., for obtaining orders from foreign buyers, and may not be sold except with the written consent of the Import and Export Licensing Section, but such consent may be dispensed with when it is desired to sell the articles in the country of destination after they have fulfilled their purpose as samples. Exporters will be required to satisfy the Customs Authorities that the goods presented for export under this licence are *bond fide* samples, and to make a declaration to that effect on the relative shipping documents.

This notice only applies to samples of goods which require licences for export to the particular destination concerned.

In addition, the consent of the Import and Export Licensing Section is not required for the sale of samples which, though within this scheme at the actual time they were exported, could be exported outside the scheme at the actual time of the proposed sale.

## OPEN GENERAL LICENCE FOR COAL EXPORTS

An Open General Licence has been issued, with effect from Thursday, 1st January 1920, permitting the export of coal, coke and manufactured fuel to all destinations abroad except Russia (other than Esthonia, Lettland and Lithuania), Germany, Hungary, Austria, Turkey and Bulgaria, subject always to the approval, previously obtained, of the Controller of Coal Mines or his duly authorised representative, and subject to shipment being made in a vessel approved by the Commissioners of Customs and Excise or their Officers.

The Customs Authorities will require pre-entry to be made in all cases; and at ports where there is a duly authorised local representative of the Controller of Coal Mines (*see* list below), the approval referred to above will be signified by his endorsement on the pre-entry form, which must be presented to him for the purpose before shipment.

Where shipment is proposed to be made from a port not included in the list given below, it will be necessary for application for the Controller's approval to be made to the Export Branch of the Coal Mines Department in London. Shipments from all ports in the United Kingdom to the destinations excluded from the purview of the general licence must still be covered by an export licence from the Coal Mines Department.

The following are the ports shipments from which will be covered by the local representative's endorsement on pre-entry —

Applications need, therefore, no longer be submitted to the Import and Export Licensing Section in respect of the export of such parcels by parcel post.

#### NOTES REGARDING EXPORT TO CERTAIN COUNTRIES

Exporters are warned that there are import prohibitions in some foreign countries, information regarding which can be obtained from the Department of Overseas Trade, 35, Old Queen Street, Westminster, S W 1, and 73, Basinghall Street, E C 2. The issue of an export licence implies no guarantee that the goods will be admitted into the country of destination.

There is no parcel post to Esthonia, Jugo-Slavia (except Dalmatia) Lettland (Latvia), Lithuania, Poland.

Germany.—Gift parcels sent by parcel post may enter Germany without import licence and also free from duty and taxes, provided they do not contain more than 2 kilos (70 ozs) of tobacco.

Syria.—A Parcel Post Service is in operation north of Acre to Alexandretta and west of Aleppo, including

Beyrout, Damascus, Hamah, Homs, Latakia, Rayak and Tripoli.

Turkey.—Parcels for civilians in Turkey and Smyrna will only be accepted if they are fully addressed "c-o Poste Restante, British Army Post Office, Constantinople" (and/or Smyrna), and parcels must be *called* for at the British Post Office.

#### URGENT ORDERS

The Import and Export Licensing Section, Board of Trade, announces that, in collaboration with the Department of Overseas Trade, an arrangement has been made whereby firms receiving orders which require immediate acceptance may telegraph details of any such order to the Department of Overseas Trade in order to ascertain whether a licence will be granted for the export of the goods if the order is accepted.

In the event of an applicant being promised a licence he will be enabled to deal with the order straightaway with the knowledge that upon application being made in the proper form to the Import and Export Licensing Section (Board of Trade) the licence will be granted.

The telegrams should be addressed to "Orders, c-o Advantage, Stock London." They should give in each case in addition to the name and postal or telegraphic address of the applicant the quantity and description of the goods comprised in the order and the name and address of the ultimate consignee if the goods are destined for a neutral country. In the case of orders from Allied or British Territory or from territory in the occupation of troops of the Associated Governments, the consignee need not be stated, and it will be sufficient merely to give the country of destination. A reply of 24 words (1/3) must be prepaid.

Applicants are requested in their own interest to confine their enquiries to orders needing a very urgent decision, since the fewer the enquiries the more promptly can answers be given.

Any subsequent correspondence that is necessary in connection with the telegraphic enquiries should be addressed to the Comptroller General, Department of Overseas Trade (Export Facilities Section), 85, Old Queen Street, Westminster, S W 1

21 The presiding member shall in the first place ascertain whether any salary is owing to any dafadar or chaukidar for the period preceding that under payment and shall first pay off any such salary which he finds to be due. Having done this, he shall then proceed to make payment for the current period.

22 All payments shall be made in cash and in full, and no payment shall be made to any payee for less than the sum due to him in respect of the period for which salaries are being paid. No admission of a payee of having received any pay in advance shall be accepted.

23 The amount of fine due from a dafadar or chaukidar shall be realised from him by the presiding member immediately after the payment of the salary due to him. No fine shall be realised otherwise than at the time of payment of salary.

25. All such payments and realisations shall likewise be entered then and there by the presiding member in the board's payment register in form C.

26. If any dafadar or chaukidar is not paid, the fact and the grounds for non-payment shall be noted against his name in the remarks column of the payment register by the presiding member.

That member shall attest the payment in the payee's acquittance roll and in the payment register.

28. After paying their salaries to all the dafadars and chaukidars present, the presiding member shall distribute any rewards which have been sent to the board for distribution.

29. As soon as the pay parade is over, the board shall send to the nearest treasury for credit to the district chaukidari reward fund the total amount realised as fine accompanied by a chalan in triplicate for the sum total of the fines realised, upon which shall be endorsed the details of the realisations made. Of the two copies of the chalan which will be returned by the treasury, one copy shall be forwarded to the circle officer and one filed in the board's office.

No 1158 —The following Message from His Excellency the Viceroy to the Muslim People of India, is published for general information —

### MESSAGE

"Today the decisions of the Supreme Council of the Allies in respect of the peace settlement with Turkey have been made known to the world. They have been reached after the most careful and anxious consideration of representations from the Muslims of all countries, and you have my assurance that before coming to its present decisions the Supreme Council has had all possible regard to those representations which have proceeded from the Muhammadan subjects of His Majesty in India. My Government are issuing along with a summary of the peace terms a statement which explains the principal decisions and the reasons for them. These decisions are in full accordance with the high principles which have been applied in the peace settlements with all other powers lately at war with Britain and her Allies. Nevertheless, they include terms which I fear must be painful to all Muslims. The long delays which have protracted your anxiety for over a year, although they have been unavoidable, have filled me with regret for your sakes, and now in your hour of trial I desire to send you a message of encouragement and sympathy, which I trust will uphold you. In the day of the Empire's need you made a splendid response to the call of your King and country, and by so doing you contributed much to the triumph of those ideals of justice and humanity for which the Allies fought. The Empire of which you form a part is now firmly established on these ideals, and a great future of political progress and material prosperity is within the grasp of the Muslims of India who have ever enjoyed under British Rule the fullest religious freedom. Before the late disastrous war Great Britain had always maintained the closest ties of friendship with Turkey, and I am confident that with the conclusion of this

new treaty that friendship will quickly take life again, and a Turkey, regenerate, full of hope and strength, will stand forth in the future as in the past a pillar of the Islamic faith. This thought will, I trust, strengthen you to accept the peace terms with resignation, courage and fortitude and to keep your loyalty towards the Crown bright and untarnished as it has been for so many generations."

## GOD SAVE THE KING EMPEROR

CHELMSFORD,

*Viceroy and Governor General of India.*

*The 15th May 1920*

No 1159—1 The following are the principal conditions of the Peace Terms which have been communicated by the Allies to Turkey —

(1) The frontiers of Turkey will be as already demarcated and, where necessary, revised by a boundary commission to be created. According to this delimitation, Turkey will include the Constantinople sector of Thrace and all the predominantly Turkish areas of Asia Minor.

(2) The rights and title of the Turkish Government in Constantinople will not be affected, but the right to modify this provision is reserved in the event of the failure of Turkey faithfully to fulfil the Treaty.

(3) A Commission of the Straits will have authority over all waters between the Mediterranean mouth of the Dardanelles and the Black Sea mouth of the Bosphorus and of the waters within three miles of each of these mouths, also on the shores to such extent as may be necessary. The duty of the Commission will be to ensure freedom of navigation in these waters in peace and war.

(4) A scheme of Local Self-Government will be drafted for Kurdistan, including provision for the protection of Assyrio-Chaldean and other minorities. The League of Nations will decide later whether Kurdistan should be granted independence of Turkey if it be proved that separation is desired by the majority of the Kurdish people.

(5) Certain portions of Smyrna are formed into a separate unit to be administered by Greece the suzerainty of Turkey being continued for a period of years till the autonomous State of Smyrna decides its own destiny.

(6) With the exception of the Constantinople sector, Eastern Thrace is ceded to Greece, provision being made for the local self-government of the town of Adrianople.

(7) Certain portions of the Armenian districts of Turkey are added to the existing Armenian Republic, the boundary between Turkey and Armenia in certain districts being referred to the arbitration of the President of the United States whose decision will be final thereon and on any stipulation regarding Armenian access to the sea.

(8) Syria, Mesopotamia and Palestine are provisionally recognized as independent States subject to administrative advice and assistance from a mandatory Power until such time as they are able to stand alone. The mandate for Syria has been entrusted to France and those for Mesopotamia and Palestine to Britain. The mandate for Palestine will include the provision for giving effect to the declaration of November 8th, 1917, regarding the establishment of a national home for the Jewish people.

(9) The Hedjaz is recognized as a free and independent State. The King of Hedjaz undertakes to assure free and easy access to Mecca and Medina to Muslim pilgrims of all countries.

(10) Turkey relinquishes all rights and titles over Egypt, the Sudan, and Cyprus.

(11) Turkey recognises the French protectorate over Morocco and Tunis.

(12) Turkey renounces her claims to certain islands in the Aegean.

(13) The military, naval, and air forces at the disposal of Turkey will consist of the following —

- (i) The Sultan's Bodyguard at Constantinople.
- (ii) A troop of gendarmerie for the maintenance of internal order and security and the protection of minorities,
- (iii) Special elements for reinforcement of the Gendarmerie and eventual control of the frontiers.

The bodyguard is limited to 700 and the Gendarmerie with special elements to 50,000.

All warships interned in Turkish ports are declared to be finally surrendered.

The Turkish fleet is limited to 6 torpedo boats and 7 sloops

No military or naval air forces or dirigibles are to be maintained

(14) Control will be maintained over the finances of Turkey until the discharge of her international obligations has been assured

(15) Freedom of navigation and transit is secured The following ports are declared international ports, provision to be made for free zones in each—Alexandretta, Basrah, Batoum, Constantinople, Dedegatch, Haifa, Haider Pasha, Smyrna and Trebizond

In addition to the above, there are numerous provisions regarding —

(16) (a) League of Nations, (b) Protection of Minorities (c) Restoration of abandoned property rights (d) Prisoners of War, (e) Graves of Allied soldiers, (f) Punishment of war criminals, (g) Economic questions and concessions, (h) Labour conventions, and (i) Antiquities, but it is not necessary to detail these in the present statement

2 However much they may regret some of these decisions Indian Muslims must feel satisfaction in knowing that the settlement has been greatly influenced by their representations When replying to the Khilafat deputation on the 29th January last, His Excellency the Viceroy gave an account of the steps which had been taken by the Secretary of State and himself from the date of the armistice onwards to represent to His Majesty's Government the views of Indian Muslims, especially with regard to the holy places in the Hedjaz and the future of Constantinople, and to secure that their representations should receive a full hearing from the Supreme Council of the Allies After that date the representatives of the All-India Khilafat Conference were given every facility and assistance by the Government of India to lay their case before the Prime Minister and the strength of Indian Muslim feeling in the matter has been impressed upon His Majesty's Government in frequent communications made to the Secretary of State The Prime Minister replying to the Khilafat Deputation assured the Muhammadans of India that their case had been presented with great force and had been examined with conscientious care not merely by the delegates of the British Empire, but also by the Supreme Council of the Allies And in fact the representations made by Indian Muhammadans did materially influence the final decision It is well known that there was a great and strong body of public opinion both in England and America which favoured the removal of the Turkish capital from Constantinople to Asia Minor and that such counsels did not prevail in no small measure due to the knowledge how keenly Indian Moslem opinion was opposed to this step Indian Moslems have therefore the satisfaction of knowing that largely out of deference to their feelings and the representations of the Government of India Constantinople was saved for the Turkish Empire as its capital

3 The Governor General in Council would next like to advert to the allegation which is sometimes made that British policy has ever been in the past unfriendly to Turkey For this statement there is no foundation It is unnecessary to refer to the ancient friendship between the two countries, proved by the entry of Britain on the side of Turkey in the Crimean war and by all her subsequent efforts to preserve the integrity of the Ottoman Empire The forbearance which Britain displayed and the provocation which Turkey under the domination of German influences and the leadership of the Committee of Union and Progress gave, before war was declared, were fully explained in the communique issued by the Government of India in October 1914 It was Turkey which broke the traditional friendship with Great Britain In his reply to the Khilafat Deputation the Prime Minister made it absolutely clear that Britain had no understanding of any sort or kind with Russia to the detriment of Turkey when the war began In fact Britain sought to deter Turkey from entering the war by giving her the most complete assurances that if she maintained neutrality Britain would see that at the conclusion of peace no conditions would be laid down which would impair her independence and integrity, and that economic conditions of a character favourable to Turkey would be obtained In spite of all these assurances Turkey took the fatal step of entering the war on the side of Germany, and against her ancient Ally

4 It is most important that there should be no misunderstanding as to the attitude of Government towards the question of the Khilafat The

Government of India repeat again that the question of the Khilafat is one for Muhammadans, and Muhammadans only, to decide, and that with their free choice in this matter, Government have no desire to interfere. But they cannot acquiesce in the statement which is now made that the Khilafat of the Ottoman Sultan has remained unchanged in its temporal attributes for thirteen centuries or that it implies any temporal allegiance on the part of Indian Muslims. These are propositions which are contrary to history. The temporal power associated with the Khilafat has undergone the most violent fluctuations during the last thirteen centuries. It has covered the whole of the dominions embraced in the Saracenic Empire when that was in the fullness of its glory. On the other hand it was reduced to nothing for over two centuries when the Khalifa was the mere spiritual Head of Islam under the Mameluk dynasty of Egypt. With the transference of the Khilafat to the Ottoman dynasty, the temporal power of the Khalifa has waxed and waned with the extent of the Ottoman Empire, but the essence of the Khilafat remained unaltered and cannot now be affected by any present change in the boundaries of that Empire. Nor, also, so far as Indian Moslems are concerned, is there any historical basis for the claim that the Khilafat implies any temporal allegiance on their part to the Sultan of Turkey. Any such theory of divided allegiance would be subversive of the constitutional basis on which all Governments rest.

5 It is also a mistake to suppose that the war was a religious one or that the terms of peace have been influenced in any way by religious considerations. The Muslims of India recognized this first proposition very clearly five years ago. The war was one between Christian powers and the alliance of Turkey with a Christian power places this beyond doubt. As to the second the peace conference has applied the same principles to all autocratic empires, Muslim and Christian alike. The Empire of Austria-Hungary has lost over two thirds of its dominions and three-fourths of its population. Heavy as Turkey's losses are they fall far short of these. And although it is true that Turkish sovereignty has been confined to areas within which Turks predominate, Indian Muhammadans must remember that the independence of their Arab co-religionists remains intact throughout a very large proportion of the remainder of the former Ottoman Empire and that the only areas which have been removed entirely from Muslim control are the comparatively small areas of Armenia, Thrace and Smyrna, in each of which according to pre-war statistics the population was predominantly non-Muslim.

6 Again it has been said that the settlement is a breach of the promise or offer made by the Prime Minister in his speech of January 1918 when he said "Nor are we fighting to destroy Austria-Hungary or to deprive Turkey of its capital or of the rich and renowned lands of Asia Minor and Thrace which are predominantly Turkish in race." This passage must however be read with its context, for Mr. Lloyd George continued, "While we do not challenge the maintenance of the Turkish Empire in the home-lands of the Turkish race with its capital at Constantinople—the passage between the Mediterranean and the Black Sea being internationalized and neutralized—Arabia, Armenia, Mesopotamia, Syria and Palestine are, in our judgment, entitled to a recognition of their separate national conditions."

The peace terms now published fulfil this offer or promise, for her home-lands which are predominantly Turkish in race have been left to Turkey and those portions of Thrace and Smyrna which have been separated have been treated in accordance with the principle of nationality. This is a principle which has been followed in all the other Treaties of peace. The Supreme Council decided that the Turks had forfeited their title to rule over the majorities of other races and that these majorities should be joined to their own national states. Both in Thrace and in Smyrna the Muslim population before the war was in a minority. In 1914 and 1915 the Turkish Government carried out a systematic deportation of the non-Muslim population from these areas and the statistics of to-day cannot therefore be made a reason for retaining them under Turkish rule. In Thrace the sector of Constantinople where Turks predominate, has been conserved to Turkey. The rest of Thrace was predominantly Greek in 1912 and has therefore been united with Greece. There is no doubt that Adrianople is predominantly Turkish, but it is only an island of Turks separated from the Constantinople sector by a region predominantly Greek. It is impossible to separate an island such as this from the territories by which they are surrounded, and therefore in accordance with the universal practice of the Peace Council in

the rest of Europe it has been treated as part of Thrace subject to an arrangement which ensures a system of local self-government and guarantees proper representation to the Turkish majority in Adrianople. Similarly in Smyrna the majority of the people are definitely Greek and Armenian but the area transferred has been cut down to the minimum suitable for separate administration. The suzerainty remains with Turkey and the districts concerned will eventually decide their own destiny by vote. The port of Smyrna will be free, Turkey will have freedom of transit and there will be a separate department for the Turkish minority.

7 It is unnecessary to refer at length to the reasons which have led the Allies to insist upon the internationalization and neutralization of the Straits between the Mediterranean and the Black Sea. Its opening to Germany and its closure against the British in 1914 had disastrous effects in prolonging the great war with all its bloodshed and misery. This great waterway of the world must remain in future open to the free commerce of all nations.

8 The maintenance of some control over the finances of Turkey to safeguard international obligations is no new proposal as for years such control has been exercised for the administration of the Ottoman debt. This necessity has become all the greater now that the debt has increased from 160 millions to nearly five hundred millions, while Turkish territory has decreased. The new states formed out of Turkey and the ceded territories will bear a proportion of the pre-war debt. There are provisions granting to Turkey a consultative voice in the Financial Commission and for termination of the Commission when her obligations have been discharged.

9 The provisions regarding the army and navy of Turkey require little comment. The reduction of the Turkish army is in accordance with the arrangements which have been made for the general disarmament of the other powers lately at war with the Allies. Turkey had no effective navy before the war and this condition is maintained.

10 Of more interest to Muslims in India are those provisions which concern the portions of the former Turkish Empire where their Arab co-religionists preponderate. The absolute independence of Arabia is recognised. For generations the Arabs have suffered from the misrule of the Turks and it is unreasonable to ask that the Arab populations which have claimed independence of Turkey and have fought side by side with the Allies to secure their independence should be replaced by the Allies under Turkish rule. As the Prime Minister pointed out to the Khilafat Deputation, it would be unjust to deprive the Arabs of their independence merely because they are Muhammadans and co-religionists of the Turks. "We are applying," he said "exactly the same principles in Christian places, and to impose the dominion of the Sultan upon Arabia, which has no desire for it is to impose upon Arabs something which we certainly would not dream of imposing upon Christian communities."

11 Similar considerations apply to Kurdistan of which the right to local autonomy is provisionally recognised and to those areas in Asia, over which mandates have been entrusted by the Peace Conference to Britain and France, that is to say, Palestine, Mesopotamia and Syria. It cannot be too clearly understood that in all these three cases the mandates have been granted for a specific purpose and for a temporary period. The immediate application to these areas of the principle of nationality would spell chaos and anarchy, and the work of the mandatory powers is to assist the local inhabitants with administrative advice and help, until such time as they are fit to take over with success the business of administration without outside assistance. Islam will not be weakened by these arrangements and the two great Powers, to whom these mandates have been confided, include within the limits of their empires a very large proportion of the total Muslim population of the world—a guarantee that the interests and rights of the Muslims of these areas will be fully respected.

12 In the countries of Arabia, Irak and Palestine are situated the holy places of Islam with which all Muslims are profoundly concerned. When the war began the Allies gave a solemn pledge that the holy places would remain inviolate. This pledge has been observed in the spirit and in the letter during the actual occupation by His Majesty's forces of the territories in which some of the holy places are situated and steps have been taken to ensure their strict sanctity. The city of Jerusalem was not attacked, as has been stated, but surrendered without violence offered or attempted, after it had been isolated in the course of operations against enemies armed in

the field. The fullest measures were straightway taken to preserve the sanctity of the holy places within it, and the city which is in itself as sacred to Christians as to Muslims was entered by the victorious British General on foot. The Muslim shrines continue as before in the hands of their own Muslim custodians. In Mesopotamia the holy places of Kerbala and Najaf were never attacked and no acts of war were committed there by our troops. The scrupulous forbearance of His Majesty's soldiers was gratefully acknowledged by the inhabitants themselves. The unopposed occupation of Baghdad as of Jerusalem involved no attack on the Holy Places, but was an inevitable incident in the field operations of the war. The shrines in these three sacred places of Mesopotamia are now in the custody of a distinguished Muslim whose charge of them is an ample assurance that their sanctity will continue to be fully respected. The British forces have conducted no operations whatever in the Hedjaz and any reports that Mecca or Medina has been entered by British troops are utterly without foundation. These places are entirely under Arab control.

13. There remains the case of certain Armenian districts whose incorporation in the adjoining Armenian Republic is a direct consequence of Turkish misrule and of the application to this area of the principle of nationality. The cruelties perpetrated on the Armenians in the shape of massacre and deportation admit of no doubt. The story has been proved by independent and reliable witnesses and it is established beyond dispute that during the year 1915 at least 600,000 Armenians were destroyed. The facts were indeed admitted by the Turkish emissaries in Paris who represented the Turkish Government and their sole excuse was that the Committee of Union and Progress who are in power at the time were responsible for the massacres.

14. In these explanations of the Turkish Peace terms, the Governor-General in Council does not speak for His Majesty's Government. He has utilized such information as has come into his possession and has attempted to explain the terms with special reference to their bearing on Indian Muslim sentiments. He has stated all the facts nothing being mitigated and nothing overstated. He recognises that in spite of all explanations the terms of the peace settlement with Turkey are such as must cause pain to the Muhammadans of India. Indian Muslims must brace themselves to bear with patience and resignation the misfortunes of their Turkish co-religionists. The situation is one which calls for clear vision and a resolve to build a better future on the wreck of the past. Above all the world needs peace and goodwill. It is a matter of supreme necessity for all men to work towards this end and those who at this critical time arouse religious passions are enemies not only of India but of mankind.

(4) No application for withdrawal shall be granted if the Commissioners are of opinion that such application has been induced by any bargain or consideration which the Commissioners consider ought not to be allowed

(5) If the application is granted—

(a) the petitioner shall be ordered to pay all or such portion of the costs of the respondent theretofore incurred as the Commissioners may think fit,

(b) such withdrawal shall be reported to the Governor-General who shall publish notice thereof in the *Gazette of India*, and

(c) any person who might himself have been a petitioner may within seven days of such publication, apply to be substituted as petitioner in place of the party withdrawing and upon compliance with the conditions of rule 5 as to security shall be entitled to be so substituted and to continue the proceedings upon such terms as the Commissioners may think fit

(2) Such abatement shall be reported to the Governor General, who shall publish notice thereof in the *Gazette of India*

(3) Any person who might himself have been a petitioner may, within seven days of such publication, apply to be substituted as petitioner, and upon compliance with the conditions of rule 5 as to security, shall be entitled to be so substituted and to continue the proceedings upon such terms as the Commissioners may think fit

11 If before the conclusion of the trial of an election petition the respondent dies, or gives notice that he does not intend to oppose the petition the Commissioners shall cause notice of such event to be published in the *Gazette of India* and thereupon any person who might have been a petitioner may, within seven days of such publication, apply to be substituted for such respondent to oppose the petition, and shall be entitled to continue the proceedings upon such terms as the Commissioners may think fit

12 Where at an inquiry into an election petition any party thereto, other than the returned candidate, claims the seat for himself, the returned candidate or any other party may give evidence to prove that the election of such party would have been void in the same manner as if he had been the returned candidate and a petition had been presented complaining of his election

13 When at an inquiry into an election petition the Commissioners so order, the Advocate-General or some person acting under his instructions shall attend and take such part therein, as they may direct

*Explanation*—The expression “Advocate-General” includes also a Government Advocate or where there is no Advocate-General or Government Advocate such other officer as the Local Government may from time to time, appoint in this behalf

14 (1) Save as hereinafter provided, in this rule, if in the opinion of the Commissioners—

- (b) any corrupt practice specified in Part I of Schedule IV has been committed, or
- (c) the result of the election has been materially affected by any irregularity in respect of a nomination paper, or the improper reception or refusal of a vote, or by any non-compliance with the provisions of the Act or the rules or regulations made thereunder or by any mistake in the use of any form annexed thereto

the election of the returned candidate shall be void

(2) If the Commissioners report that a returned candidate has been guilty by an agent (other than his election agent) of any corrupt practice specified in Part I of Schedule IV which does not amount to any form of bribery other than treating as hereinafter explained or to the procuring or abetment of personation and if the Commissioners further report that the candidate has satisfied them that—

- (a) no corrupt practice was committed at such election by the candidate or his election agent and the corrupt practices mentioned in the report were committed contrary to the orders and without the sanction or connivance of such candidate or his election agent and
- (b) such candidate and his election agent took all reasonable means for preventing the commission of corrupt practices at such election and
- (c) the corrupt practices mentioned in the said report were of a trivial, unimportant and limited character, and
- (d) in all other respects the election was free from any corrupt practice on the part of such candidate or any of his agents,

then the Commissioners may find that the election of such candidate is not void

*Explanation*—For the purpose of this proviso ‘treating’ means the incurring in whole or in part by any person of the expense of giving or providing any food, drink entertainment or provision to any person with the object, directly or indirectly of inducing him or any other

person to vote or refrain from voting or as a reward for having voted or refrained from voting

15 (1) At the conclusion of the inquiry, the Commissioners shall report whether the returned candidate or any other party to the petition who has under the provisions of these rules claimed the seat has been duly elected, and in so reporting shall have regard to the provisions of rule 14

Report of Commissioners and procedure thereon

(2) The report shall be in writing and shall be signed by all the Commissioners. The Commissioners shall forthwith forward their report to the Governor-General who, on receipt thereof, shall issue orders in accordance with the report and publish the report in the *Gazette of India*, and the orders of the Governor-General shall be final

17 In cases of emergency the local Government of any province may be required by the Governor General in Council, with the sanction of and subject to conditions approved by, the Secretary of State, to pay to the Governor General in Council a contribution for any financial year in excess of the amount required by the preceding rules in the case of that year

18 The contributions fixed under the preceding rules shall be a first charge on the allocated revenues and moneys of the local Governments concerned, and shall be paid in such instalments, in such manner, and on such dates, as the Governor General in Council may prescribe

19 At any time when he considers this course to be essential in order to preserve the financial stability of India, the Governor General in Council shall have power to require a local Government so to regulate its programme of expenditure as not to reduce the balance at its credit in the public account on a specified date below a stated figure. Subject to this power, local Governments shall be at liberty to draw on their balances, provided that notice of the amount which they propose to draw during the ensuing financial year is given to the Governor General in Council before such date in each year as the Governor General in Council may by order fix

20 Whenever the Governor General in Council has, on receipt of due notice of the intention of the local Government to draw on its balances, required it to reduce the extent of the proposed draft he shall, at the end of the financial year

in which the local Government is debarred from drawing, credit the local Government with interest on the amount which it was not permitted to draw. Such interest shall be a charge on the revenues of India and shall be calculated at the average rate at which the Governor General in Council has borrowed money in the open market during the year by the issue of treasury bills.

21 Any moneys which, on the first day of April 1921, are owed to the Governor General in Council on account of advances made from the provincial loan account of any province shall be treated as an advance to the local Government from the revenues of India, and shall carry interest at a rate calculated on the average rate carried by the total amount owed to the Governor General in Council on this account on the 31st March 1921. The interest shall be payable upon such dates as the Governor General in Council may fix. In addition, the local Government shall pay to the Governor General in Council in each year an instalment in repayment of the principal amount of the advance, and this instalment shall be so fixed that the total advance shall, except where for special reasons the Governor General in Council may otherwise direct, be repaid before the expiry of twelve years. It shall be open to any local Government to repay in any year an amount in excess to the fixed instalment.

22 (1) The capital sums spent by the Governor General in Council upon the construction in the various provinces of productive and protective irrigation works and of such other works financed from loan funds as may from time to time be handed over to the management of local Governments shall be treated as advances made to the local Governments from the revenues of India. Such advances shall carry interest at the following rates namely—

(a) in the case of outlay up to the end of the financial year 1916-17, at the rate of 3 3/4 per centum,

(b) in the case of outlay incurred after the financial year 1916-17, at the average rate of interest paid by the Governor General in Council on loans raised in the open market since the end of that year.

(2) The interest shall be payable upon such dates as the Governor General in Council may fix.

23 The Governor General in Council may at any time make to a local Government an advance from the revenues of India on such terms as to interest and repayment as he may think fit.

24 The payment of interest on loans and advances made under the three preceding rules, and the repayment of the principal of an advance under rule 21, shall be a charge on the annual allocated revenues of the local Government, and shall have priority over all other charges save only contributions payable to the Governor General in Council.

25 (1) Subject to the rules contained in Schedule III the local Government shall have full power to sanction expenditure on provincial subjects—

(a) in the case of grants voted by the Legislative Council to the full extent of such grant, and

(b) in the case of the heads of expenditure enumerated in section 72D (3) of the Act, to any extent.

(2) Sanctions once given under clause (a) of sub-rule (1) shall remain valid for the specified period for which they are given subject to the voting of grants in each year.

26 Any powers conferred by rule 25 upon the Governor in Council or the Governor acting with ministers may, after previous consultation with the Finance Department hereinafter referred to, be delegated, with or without conditions to any officer subordinate to the local Government. Such officer may not in his turn delegate such powers to any officer subordinate to him.

27 Each local Government shall establish and maintain out of provincial revenues a famine insurance fund in accordance with the provisions of Schedule IV, and such fund shall be controlled and administered as required by those provisions.

28 All proposals for raising taxation or for the borrowing of money on the revenues of a province shall be considered by the Governor with his Executive Council and ministers sitting together, but the decision shall thereafter be arrived at by the Governor in Council or by the Governor and minister or ministers concerned, according as the proposal relates to a reserved or to a transferred subject

29 Expenditure for the purpose of the administration of transferred subjects shall, in the first instance, be a charge on the general revenues and balances of each province, and the framing of proposals for expenditure in regard to transferred and reserved subjects will be a matter for agreement between that part of the government which is responsible for the administration of transferred subjects and that part of the Government which is responsible for the administration of reserved subjects

30 If the Governor is at any time satisfied that there is no hope of an agreement being arrived at within a reasonable time as to the framing of proposals in regard to expenditure for reserved and transferred subjects respectively, he may by order in writing allocate the revenue and balances of the province between reserved and transferred subjects by specifying the fractional proportions of the revenues and balances which shall be assigned to each class of subject

31 Every such order shall specify the period for which the allocation will remain in force. Such period shall be either the period of the office of the then existing Legislative Council or such longer period terminating at a date not later than one year after the expiration thereof as the Governor may determine. The Governor may, if he thinks fit before making an order of allocation, refer the question of the allocation of the revenues and balances of the province for the report of such authority as the Governor General may appoint in this behalf and the Governor, if he so refers the matter, shall make his order in accordance with the terms of the report

32 Every order of allocation made under these rules shall provide that if any increase of revenue accrues during the period of the order on account of the imposition of fresh taxation, that increase, unless the legislature otherwise directs, shall be allocated in aid of that part of the Government by which the taxation is initiated

33 If at the time of the preparation of any budget no agreement or allocation such as is contemplated by these rules has been arrived at the budget shall be prepared on the basis of the aggregate grants respectively provided for the reserved and transferred subjects in the budget of the year about to expire

### *Part III—Finance Department*

34 (1) There shall be in each Governor's province a Finance Department, which shall be controlled by a member of the Executive Council

(2) Immediately subordinate to the member there shall be a financial secretary, with whom shall be associated, if the ministers so desire, a joint secretary appointed by the Governor after consultation with the ministers

(3) The joint secretary shall be specially charged with the duty of examining and dealing with financial questions arising in relation to transferred subjects and with proposals for taxation or borrowing put forward by any minister

35 The Finance Department shall perform the following functions, namely —
